Bible Study Insights are written for any who one has a passion to know more about Jesus and keep cutting edge resources at their finger tips.

Many of us today still struggle to realize who Jesus is, and that he has authority to do what he says he is going to do in the Bible. Many of us are still trying to build our faith up. Yes, we believe in Jesus, but we are not solid on our faith.

I believe that many who have already chosen him as Lord and Savior have no problem believing for a fact that Jesus is the Son of God. That Jesus loves us, and has shown His mercy to us.

Through Bible Study Insights we will introduce key concepts, characters, and themes - to provide a comprehensive survey of the Bible. We will deal with key passages and explore doctrines of the faith. -

Every kingdom operates on a medium of exchange. By this I am referring to what is valued as necessary for the exchanging of goods, materials or valuable items. Faith is the medium of exchange in God's kingdom. God has set up the system so that faith is an invaluable commodity. Anything of worth in His kingdom travels through the exchange of faith.

Because faith is the medium of exchange in His kingdom, God had to devise a way by which humanity could access the faith needed for any transaction. Romans 10:17 says that "faith comes from hearing, that is, hearing the Good News about Christ" and hearing by the word of God.

This means faith is activated when we hear God speaking to us. Without hearing God's voice we are unable to bring forth true biblical faith. Through Bible Study Insights will live to bring forth the truth of God's word and transform our thinking one mind at a time.
